

Join the Living Classroom Board of Directors!

Contact: Vicki Moore, LC Founder and Board Chair,
vickim@living-classroom.org

Our Mission:

Living Classroom's mission is to inspire children to learn about and value the natural world through garden-based education. We make learning come alive and empower the next generation by growing environmental champions, inquisitive learners, and healthy eaters. We support students that are excited about science, connected to nature, and are equipped to build a future that is environmentally sustainable.

Our Program:

Living Classroom provides a full-service program that includes: field tested curriculum and instruction, lesson materials kits, a volunteer docent training program, garden design, installation, and maintenance, and interpretive signage. All our lessons are standards aligned in Science, Math, and Social Studies.
